Tested positive?

Inform your Center Director about the positive test result.

Recover and stay isolated until you meet the department of health or CDC guidelines for ending isolation..

After a positive COVID-19 result, you won't need to quarantine or test again if exposed to the virus for up to 3 months as long as no symptoms are present.

Tested negative?

Provide proof of the negative test to the Center Director so your child can come back to school

REMEMBER!

Your child needs to be SYMPTOM FREE to come back onsite. If he/she experiences symptoms again we will require another test or to quarantine for 10 days.
