Affiliate Performance Measurement Report

The 2018-2019 Performance Measures Report provides specific indicators of performance that correspond to the Essential Requirements for model implementation. Each performance measure is calculated using answers provided by affiliates on the 2018-2019 Affiliate Performance Report (APR). The purpose of this report is to help affiliates understand their fidelity of implementation and service delivery, mainly focusing on adherence to the Parents as Teachers Essential Requirements, and then to use this information in an ongoing way for continuous quality improvement. The PMR automatically changes the color of the items that fall outside the expected ranges and provides a basic reference guide for affiliates to check their APR responses.
